

# EBAFOSA

Ecosystem Based Adaptation for  
Food Security Assembly

DECEMBER 2016 - JUNE 2017

## EBAFOSA ZIMBABWE

EBAFOSA Zimbabwe has brought together Ministry of Environment, Water and Climate, and Ministry of Agriculture, Mechanization and Irrigation Development to harmonize their actions towards establishing EBA based clean energy powered agro-industrialization. An initial meeting successfully conducted for these ministries to lead in mobilizing other critical ministries towards breaking the silos and establishing the Zimbabwe inter-agency policy task force

EBAFOSA Zimbabwe identifying anchor initiatives to mobilize complementary actors around them and build them to EBA based, clean energy powered agro-industrial zones. Already, "the Phiri Award", an NGO that supports local farmers engaged in water harvesting technologies and climate change adaptation and mitigation actions, has been mobilized to build on their site based initiatives towards aligning them with the trajectory of establishing EBA based, clean energy powered agro-industrial zones.
